

FOR IMMEDIATE RELEASE

Seagate Properties Hosts Association of Commercial Real Estate Developer's Showcase

Company Release

Sacramento, CA, October 27, 2023 – Members of the Seagate Properties' Sacramento team hosted a table at ACRE's 2023 Developer's Showcase in Sacramento. This annual event focuses on providing real estate owners, developers, and construction companies with a platform to introduce their projects to the real estate community. This year over 600 people attended, including Seagate Properties, who displayed its Sacramento based properties for tenants, landlords, brokers, and vendors to review while responding to questions about the properties. Visitors were provided brochures and floor plans of current projects along with an umbrella to protect them through the upcoming winter months.

"We were excited to support ACRE and appreciate the opportunity to introduce Seagate and our Sacramento portfolio to the real estate community. After entering the Sacramento market in 2018, we have been steadily growing our footprint and I am thrilled to be part of Seagate's continued expansion in this region," said Chetta Sinclair, a senior director of asset management services at Seagate.

According to Senior Vice President of Jones Lang LaSalle, Alexis Garrett, who also attended the 2023 Developer's Showcase, "Seagate has created an excellent reputation among the brokerage community in Sacramento and it was great to see their strong team's presence at Developer Showcase!"

About Seagate Properties, Inc.
